PROBLEMATICAL

RECREATION

A rope over the top of a fence has the same length on each side. Weights $1/3$ lb. per ft. On one end hangs a monkey holding a banana, and on the other end a wt. equal to the wt. of the monkey. The banana weighs 2 oz. per inch. The rope is as long as the age of the monkey, and the wt. of the monkey (in ounces) is as much as the age of the monkey's mother. The combined ages of the monkey and mother are 30 years. $1/2$ the wt. of the monkey, plus the wt. of the banana, is $1/4$ as much as the wt. of the wt. and the wt. of the rope. The monkey's mother is $1/2$ as old as the monkey will be when it is 3 times as old as its mother was when she was $1/2$ as old as the monkey will be when it is as old as its mother will be when she is 4 times as old as the monkey was when it was twice as old as its mother was when she was $1/3$ as old as the monkey was when it was as old as its mother was when she was 3 times as old as the monkey was when it was $1/4$ as old as it is now. How long is the banana?

Spring 1905 Moves Deadline 9PM-Friday, 27 Jan. 1967!

All players please note: Unless you live on the West Coast Airmail letters are usually no faster than surface letters. On shorter distances it even takes longer! Yes, this is true because Pittsburgh is eighty-two miles south of Clairton and mail is so often missent from there to Clairton which is so much closer than Clairton and many times larger. Zip Code or not-so often I have received letters that had an extra Clairton postmark (after day or two delay) that I have lost all count. Ugh! Also this is the reason I no longer Airmail BB's to any except those on the other coast as the east-west train mail connections are good and usually pretty fast. I have been informed that much service mail is flown by air anytime it reaches a connection for AM and there is space available. (Funny but true!) When BB Game #1 started I used to airmail all copies (even Koning in Youngstown & Wells in Cleveland) but now I know this is foolish as it wastes time and money. CONCLUSION- Anyone who waits until the day before the deadline to mail in moves just can't make it so why try?????

EDITORIAL:

TELEGRAMS TO CLARION ARE USELESS!

About a year ago John McCallum sent a telegram to me relative to moves in a postal diplomacy game by "Western Union. The telegram was never delivered! Instead a telephone call was made from Butler (about 50 miles away) to one of my family giving such a garbled message that we could not understand the message before they hung up. No telegram was even delivered by mail in this case.

Most of us think that when we pay for a telegraph message that it is sent over the wires and delivered by messenger as soon as received at a point on the other end. Western Union does NOT warn people that (at least in the case of Clarion) this is just not true.

A few months ago a telegram was read by the telephone method to my first grade daughter. Ugh! You see in Clarion they do not deliver telegrams. They call you on the telephone. This effort? is sometimes made the day after the message was transmitted. The only way you receive a copy of the telegram is to ask to have it mailed after you hear the message on the telephone from (now) some cheap travel agency in town who now gets the message after many complaints about the stupid service from Butler.

Just last week Jim Dygert sent a telegram to me to revise a move on the 30th. However the W.U. people called me Saturday P.M. to deliver the message. Then they mailed it, at my request, so I could see it and I received it on Jan. 3rd. Why did they wait a whole day to even call me?

From now on when Western Union calls to read a telegram I shall say, "Deliver it to me in person-or stick it as I refuse to listen to you now".
NOTE: Because of the above, Telegrams will never be accepted as legal in this Diplomacy Zine again!!!

ADVICE: Telephone calls are not only cheaper, much faster, but certainly much surer.

ALSO: Special Delivery letters and cards have been delivered to me by the parcel post truck as soon as received and I have even received special delivery letters on Sunday. Much better than the Western Union who are not open (here) on Sunday.

ED.#2: ORTHANS (Ron Bounds) has lapsed nearly two (2) months since last issue. I guess Bounds has joined with Bob Cline, & Bernie Kling in our "bad" BLACK LIST of undependable, unreliable PD editors!
